

Examine, Identify, Evaluate: Master the Art of Composition

SKILL LEVEL: ALL LEVELS

CLASS SIZE: UP TO 16 STUDENTS

DURATION: 1 DAY / 6 HOURS

Embrace and understand the elements and principles of design to achieve strong compositions while expressing yourself in your chosen art form. Have you asked yourself whether your work is balanced and meaningful to the onlooker. We are often too close to our own creations to stay objective. Learn to step back and see your art with new eyes.

Geared toward any skill level, especially that of emerging visual artists (painting, photography, textile art etc) this session will equip the participant with the tools to effectively visualize, evaluate and develop ideas.
