

## **STUDIO - PERSONALIZED GUIDANCE FOR FIBER/TEXTILE ARTISTS (Ideal for Guilds and Retreat Groups)**

SKILL LEVEL: ALL LEVELS

CLASS SIZE: UP TO 16 STUDENTS

DURATION: 1 - 5 DAYS / 6 - 30 HOURS (tailored to suit various situations)

Due to popular demand and to accommodate guilds and retreat groups “Studio - A Personalized Guide for Fibre Artists” is a fantastic way to take advantage of Anna Hergert’s knowledge and willingness to share. Whether you have only one short day or up to five days, each session is designed to impart information to the group during the early hours, while the rest of the day is set aside for individual consultations and time to work independently with tutor input.

Anna encourages interested students to bring work in progress and/or sketches of planned work to achieve maximum learning during these information packed days. Short lectures, hands-on demonstrations and individual consultations with ample of time to try out new techniques will make the day pass by in a flash!

Note: This workshop format accommodates a variety of situations and I am flexible to address specific interest areas for the entire group! Email me with questions and suggestions!
